**CONTRACT WITH EADS ASTRIUM**

OSLO, NORWAY – Corona Space A/S has signed a contract with EADS for Study on the Capability Gaps Concerning European Space Situational Awareness (ESA project).

The objective of this study is to create the basis for an elaborate Preparatory Action, which will include an architectural study, leading to a programme proposal for a SSA System, to be presented at the next ESA Ministerial Council. Specifically, this study will identify preliminary capability gaps regarding Space Situational Awareness.

*Corona Space A/S strives to meet security and safety demands in the space environment by providing consultancy and services to space and defense community.*
